Last updated on January 31st, 2025

Research interests: I am interested in leveraging complex user feedback to learn and evaluate new AI systems, particularly for search and recommendation.

Keywords: Off-policy learning, neural information retrieval, unbiased learning-to-rank, click modeling.

Education

- | | |
|---|--|
| 01/2022 - 01/2026
(planned graduation) | PhD Candidate, University of Amsterdam
Supervisors: Prof. Dr. Maarten de Rijke and Dr. Onno Zoeter
Member of the Mercury Machine Learning Lab with Booking.com and TU Delft |
| 04/2017 - 09/2020 | M.Sc. IT-Systems Engineering, HPI University of Potsdam
Thesis: Multi-faceted domain-specific document embeddings (1.2, cum laude) |
| 08/2013 - 04/2017 | B.Sc. Media Informatics, University of Applied Sciences Düsseldorf
Thesis: App-based detection and analysis of security and privacy concerns introduced into Android apps by third-party libraries (1.3) |

Professional Experience

- | | |
|-------------------|---|
| 01/2021 - 01/2022 | Research Assistant, University of Southern Denmark - Odense
Part-time research work on mainstream bias in recommender systems.
Supervisor: Dr. Pantelis P. Analytis |
| 07/2020 - 12/2021 | Data Scientist L2, Blinkist - Berlin
Built production systems for recommending multilingual audio and textual content for over 18M users in real time. Algorithms included transformer-based dense retrieval and autoencoders implemented using a.o. Tensorflow, Serverless, DynamoDB, Docker, and FastAPI [reference letter] . |
| 08/2019 - 06/2020 | Working Student Data Science, Blinkist - Berlin
Multi-lingual content-based book recommendation using transformer models. |
| 09/2018 - 01/2019 | Software Development Engineering Intern, Amazon - Madrid
Data analytics for the EU leadership of Amazon Fashion. |
| 09/2015 - 09/2018 | Working Student Android Development, Blinkist - Berlin
Early development of the Blinkist Android app using reactive programming and Kotlin. |

Publications

- | | |
|------|--|
| 2024 | M. de Haan, P. Hager. Understanding the Effects of the Baidu-ULTR Logging Policy on Two-Tower Models . The CONSEQUENCES Workshop at the 18th ACM Conference on Recommender Systems. |
| | P. Hager* , R. Deffayet*, JM. Renders, O. Zoeter, M. de Rijke. Unbiased Learning to Rank Meets Reality: Lessons from Baidu's Large-Scale Search Dataset . Accepted at the 47th International ACM SIGIR Conference on Research and Development in Information Retrieval. |

- 2023 P. Analytis*, **P. Hager***. [Collaborative filtering algorithms are prone to mainstream-taste bias](#). In In Proceedings of the 17th ACM Conference on Recommender Systems.
- R. Deffayet*, **P. Hager***, JM. Renders, M. de Rijke. [An Offline Metric for the Debiasedness of Click Models](#). In Proceedings of the 46th International ACM SIGIR Conference on Research and Development in Information Retrieval.
- P. Hager**, M. de Rijke, and O. Zoeter. [Contrasting Neural Click Models and Pointwise IPS Rankers](#). In Advances in Information Retrieval: 45th European Conference on Information Retrieval.
- 2022 **P. Hager**, M. de Rijke, and O. Zoeter. [Are Neural Click Models Pointwise IPS Rankers?](#) The CONSEQUENCES+REVEAL Workshop at the 16th ACM Conference on Recommender Systems.
- 2021 **J. Risch**, P. Hager, R. Krestel. [Multifaceted Domain-Specific Document Embeddings](#). In Proceedings of the 2021 Conference of the North American Chapter of the Association for Computational Linguistics: Human Language Technologies: Demonstrations.

Tutorials & Talks

- 2024 [Lecture] **P. Hager**. [The why and how of reproducibility in Information Retrieval](#). Information Retrieval 2, University of Amsterdam.
- [Lecture] **P. Hager**. [Learning to Rank](#). Search Engines Course, University of Amsterdam.
- [Lecture] **P. Hager**. [Improvements That Add Up: An opinionated rant on reproducibility and progress in IR](#). Guest lecture at the 15th European Summer School on Information Retrieval.
- [Tutorial] S. Gupta, **P. Hager**, J. Huang, A. Vardasbi, H. Oosterhuis. [Unbiased Learning to Rank: On Recent Advances and Practical Applications](#). Tutorial at the 17th ACM International Conference on Web Search and Data Mining.
- 2023 [Tutorial] S. Gupta, **P. Hager**, H. Oosterhuis. [Recent Advancements in Unbiased Learning to Rank](#). Tutorial at the Forum for Information Retrieval Evaluation 2023.
- [Talk] **P. Hager**, R. Deffayet, JM. Renders, M. de Rijke. [An Offline Metric for the Debiasedness of Click Models](#). Talk at the 21st Dutch-Belgian Information Retrieval Workshop.
- [Talk] **P. Hager**. [When Metrics Break Down - On Evaluating User Models from Clicks](#). Invited talk at ICAI: The Labs - Machine Learning in the service industry.
- [Lecture] **P. Hager**. [Learning to Rank](#). Search Engines Course, University of Amsterdam.
- [Tutorial] S. Gupta, **P. Hager**, J. Huang, A. Vardasbi, H. Oosterhuis. [Recent Advances in the Foundations and Applications of Unbiased Learning to Rank](#). In Proceedings of the 46th International ACM SIGIR Conference on Research and Development in Information Retrieval.
- [Talk] **P. Hager**, M. De Rijke. [A Brief Tutorial on Supervised Learning to Rank](#). Booking.com.
- 2021 [Lecture] **P. Hager**. [NLP in Production - A Content-based Recommender System Case Study](#). Data Science Course, University of Southern Denmark.

Teaching & Supervision

- 2024 **Morris de Haan**, B.Sc. Computer Science, University of Amsterdam
Thesis: Understanding the Effects of the Logging Policy on Two Tower Models.
- Search Engines Course**, B.Sc. Artificial Intelligence, University of Amsterdam

2023	Cedrik Blommesteijn , B.Sc. Computer Science, University of Amsterdam Thesis: Bridging the gap between large language models and traditional learning-to-rank. Search Engines Course , B.Sc. Artificial Intelligence, University of Amsterdam
2022	Search Engines Course , B.Sc. Artificial Intelligence, University of Amsterdam
2014 - 2015	Database Systems I & II , B.Sc. Media Informatics, University of Applied Sciences Düsseldorf

Honours and Awards

2024	ELLIS Industry PhD Candidate RecSys 2024 : Outstanding reviewer award SIGIR 2024 : Nominated for best paper
2023	ML Reproducibility Challenge 2023 : Outstanding reviewer award
2014 - 2020	Scholar of the German Academic Scholarship Foundation Merit-based scholarship for outstanding academic achievements.

Reviewing

2025	ECIR, SIGIR
2024	SIGIR, RecSys, CIKM
2023	CIKM, ML Reproducibility Challenge, ICTIR (student PC)
2022	SIGIR (subreviewer), CIKM (subreviewer)

Activities

2024	Search Engines Amsterdam, University of Amsterdam Organizer of the monthly SEA meetup of the IRLab Amsterdam.
2023 - now	PhD Council Member, University of Amsterdam Student representative and secretary of the PhD council of the informatics institute, which tackles academic, social, and cultural issues affecting PhD students.
2023	Research Meeting Chair, University of Amsterdam Organizer of the weekly group meetings of the IRLab Amsterdam.
2022 - now	Mentor at Inclusive AI, University of Amsterdam IAI is an inclusive space for students to get non-academic help from senior peers in the field and connect with people of a similar background.

Skills

Programming	Python, Java, SQL, Kotlin
Tools	Jax, PyTorch, NumPy, Scikit-Learn, Hydra, PySpark, AWS
Languages	English, German
